What We Stand For

Commitment to quality

Operational efficiency

Client-focused solutions

High safety and compliance standards

Strong workforce culture

Our Capabilities

From complex infrastructure jobs and advanced IT systems to large-scale workforce operations and camp facilities, AMADQ integrates multiple services under one umbrella-ensuring seamless project execution.

General Contracting Services

AMADQ provides comprehensive general contracting solutions built on strong technical capabilities, skilled manpower, and a proven track record in project delivery. We support a wide range of industries including construction, oil & gas, industrial facilities, and infrastructure.

Our Contracting Expertise

- Civil construction works
- Mechanical fabrication & installation
- Electrical works and upgrades
- Structural steel works
- Industrial maintenance
- Project supervision and management
- Shutdown and turnaround support

Project Strengths

- 01 Strong field expertise with highly trained workforce
- 02 Strict adherence to UAE safety standards
- 03 Efficient resource allocation to minimize project delays
- 04 Transparent communication and progress reporting

Equipment & Rental Service

We offer a full range of equipment solutions essential for construction, industrial operations, and large-scale project logistics. Our fleet is maintained by qualified technicians and regularly inspected for optimal performance and safety.

Equipment Categories

- Mobile & crawler cranes
- Forklifts and telehandlers
- Excavators, loaders, and earthmoving equipment
- Generators, welding machines & power solutions
- Material handling tools and rigging gear

Service Benefits

- 01 High-availability equipment for continuous workflow
- 02 Certified, well-maintained machines
- 03 Expert consultation to match equipment with project needs
- 04 Fast deployment and support

Workforce Solutions

AMADQ delivers efficient and reliable workforce solutions for construction, industrial, hospitality, logistics, and facility management sectors. We provide both skilled and unskilled manpower with fast mobilization and compliant recruitment processes.

Our Contracting Expertise

- Skilled technicians & tradesmen
- Mechanical, electrical & civil workers
- Supervisors, foremen & engineers
- General labor & helpers
- Operators & drivers
- Administrative and support staff

Workforce Advantages

- 01 Large manpower pool for on-demand deployment
- 02 Verified, trained, and safety-oriented workers
- 03 Full HR, payroll, and visa processing support
- 04 Strong employee welfare programs ensuring retention and performance

AMADQ provides integrated accommodation and facility support services for worker camps, ensuring clean, safe, and fully managed living spaces that support productivity and well-being.

Camp Facility & Catering Services

Camp Services Include

- Accommodation and room management
- Housekeeping, laundry & cleaning services
- Utilities monitoring & facility maintenance
- Security, access control & safety systems
- Waste collection & hygiene compliance
- Recreational and welfare facility management

Catering Services

Our catering division ensures high-quality, nutritious, and hygienic meals prepared according to international food safety standards. We support multicultural dietary needs and deliver consistent quality across small and large operations.

Catering Capabilities

- Industrial kitchen operations
- Customized menus for diverse nationalities
- Bulk meal preparation & daily delivery
- HACCP & ISO-compliant food handling processes

Technology Solutions

AMADQ delivers innovative, scalable, and secure technology solutions tailored to the needs of modern businesses and industrial environments.

System Integration & Support

We help clients safeguard their digital assets and ensure secure operations.

- Complete integration of multi-vendor systems
- IT support, maintenance & managed services
- Performance optimization & continuous monitoring

IT Infrastructure Solutions

We build advanced, reliable, and secure digital ecosystems that support business continuity and operational efficiency.

- Low-current systems (AI CCTV, access control, PA systems)
- Servers, storage & data centre infrastructure
- Network architecture & firewall security
- Cloud solutions: AWS, Azure, Google Cloud, Oracle Cloud

Software Development

We deliver custom-built digital solutions that streamline business operations.

- Enterprise ERP solutions
- Business process automation
- Web & mobile application development
- System customization & integration

AI, IoT & Smart Solutions

AMADQ integrates the latest technologies to digitalize and modernize operations.

- AI analytics and automation
- IoT monitoring, smart sensors & connected systems
- Robotics for industrial and construction applications
- Smart construction technology for enhanced productivity

Information Security

We help clients safeguard their digital assets and ensure secure operations.

- Cybersecurity implementation
- IoT device security
- Network monitoring & threat protection
- Security audits and compliance solutions

Logistics Solutions

AMADQ provides complete logistics and supply chain services designed to support construction, industrial, and commercial operations with efficient and timely material movement.

Our Logistics Services

- Material sourcing & procurement
- Transportation & freight coordination
- Warehousing and inventory management
- On-site delivery & distribution
- Equipment and resource mobilization
- End-to-end supply chain coordination

Logistics Strengths

- 01 Reliable delivery schedules
- 02 Effective movement planning for large projects
- 03 Cost-efficient logistics and inventory control
- 04 Strong supplier network across the KSA
